Objective

Full-stack developer building **scalable web applications** with **real-world features** like **authentication**, **analytics**, and **system design**. Focused on **backend architecture** and **performance**, seeking to contribute to production-grade systems while continuously improving engineering depth.

Skills & Technology

- **Frontend:** HTML, CSS3, JavaScript, TypeScript, React.js, Next.js, Tailwind CSS
- **Backend:** Node.js, Express.js, REST APIs, Authentication, JWT
- **Databases:** MongoDB, MySQL, PostgreSQL
- **ORMs:** Prisma, Mongoose
- **Tools & Platforms:** Git, GitHub, GitHub Actions (CI/CD), VS Code, Postman, Firebase Hosting
- **Languages:** English, Hindi, Punjabi

Projects

- **StudyHub (Note Sharing + Quiz System)** | *React, Node.js, Express.js, MongoDB, Tailwind CSS*

GitHub: github.com/akrathor18/Note-sharing-app • **Live:** studyhub-dev.web.app

- Developed a **full-stack platform** used by **60+ students** for note sharing and quiz practice.
- Designed **REST APIs** supporting dynamic content and **user activity tracking (90+ quiz attempts)**.
- Implemented **MCQ-based quiz system** with progress **tracking** and **engagement** insights.
- Modeled scalable **database schemas** for users, quizzes, attempts, and performance data.
- Integrated **CI/CD pipeline** using **GitHub Actions** for automated deployment.

- **Inventory Management System – Hackathon Project** • **Demo:** invent-labs-frontend.vercel.app

Tech Stack: Next.js, Node.js, Express.js, SQLite, Prisma ORM, Chart.js, Tailwind CSS

- Engineered a **real-time** inventory management system handling **sales**, **returns**, and **stock** refills.
- Implemented **role-based authentication** (Admin/Staff) with **protected routes**.
- Designed **CRUD APIs** and inventory movement logs with user tracking and timestamps.
- Built **low-stock alert system** with automated email notifications.
- Developed **analytics dashboard** showing stock **distribution** and activity trends using **Chart.js**.

Education

- **Diploma in Computer Science Engineering** **2024-2026**

Chandigarh College of Engineering and Technology, Chandigarh

- **Relevant coursework:** Web Development, Database Management, Computer Networks, Operating Systems

- **Secondary Education 12th – Vocational Stream (IT)**

Govt. model senior secondary school, sector 33, Chandigarh [CBSE Board]

2023-2024

- **Secured 89.2%** overall with outstanding performance in **IT (99/100)** and **Web Application (94/100)**.

Key Strengths

- Experience designing **scalable full-stack** applications with **clean architecture**
- Strong **backend fundamentals** (APIs, authentication, database design)
- Hands-on with **CI/CD pipelines** and **real-world system** features
- Focused on building **production-ready systems**, not just prototypes
