Objective

Computer Science Engineering student with **strong fundamentals** in **full-stack web development**. **Passionate** about **building scalable, user-centric applications** using **React, Node.js, databases**, and **REST APIs**. Seeking a **Full Stack Development Intern** role to contribute to **real-world products** while **continuously improving** technical and **problem-solving skills**.

Skills & Technology

- **Frontend:** HTML, CSS3, JavaScript, React.js, Next.js, Tailwind CSS
- **Backend:** Node.js, Express.js, REST APIs, Authentication, JWT
- **Databases:** MongoDB, MySQL
- **Tools & Platforms:** Git, GitHub, GitHub Actions (CI/CD), VS Code, Postman, MS Office
- **Languages:** English, Hindi, Punjabi

Projects

- **Note-Sharing Web App** | **GitHub:** github.com/akrathor18/Note-sharing-app | **Live:** <https://studyhub-dev.web.app/>

Tech Stack: React, Node.js, Express.js, MongoDB, Tailwind CSS

- Built a **full-stack platform** for **students** to **upload, share, and access study notes** with **subject filters & search**.
- Integrated **quiz module** with **multiple-choice questions** to help students **test knowledge** and **track progress**
- **Designed complex user schema** including **bio, study analytics, achievements, and recent activity**.
- Implemented **responsive UI** with **React** and **Tailwind CSS** for seamless cross-device experience.
- Followed **REST API** standards and **modular backend architecture** for easy **feature expansion**
- **Implemented CI/CD** using **GitHub Actions** to automate **build and deployment workflows**, enabling reliable and faster releases.

- **Inventory Management System – Hackathon Project** | **Demo:** invent-labs-frontend.vercel.app

Tech Stack: Next.js, Node.js, Express.js, PostgreSQL/SQLite, Prisma ORM, Chart.js, Tailwind CSS

- Engineered a **real-time inventory tracker** supporting **sales, returns & stock refill** operations
- Implemented **role-based authentication (Admin/Staff)** with **secure login** and **protected routes**.
- Created **inventory movement logs** with **timestamp** and **user ID** to **ensure traceability**.
- **Designed a low-stock alert system** with **automated email notifications**.
- Developed **analytics dashboard** with **category-wise distribution, low-stock trends, and activity charts**.
- Ensured **scalability** and **modular backend architecture** for future expansion.
- **Optimized backend** with **Prisma ORM + clean architecture** for **maintainability & scalability**

Education

- **Diploma in Computer Science Engineering** 2024-2026

Chandigarh College of Engineering and Technology, Chandigarh

- **Relevant coursework:** Web Development, Database Management, Computer Networks, Operating Systems

- **Secondary Education 12th – Vocational Stream (I.T)**

Govt. model senior secondary school, sector 33, Chandigarh [CBSE Board]

2023-2024

- **Secured 89.2%** overall with outstanding performance in **IT (99/100)** and **Web Application (94/100)**.
